**1. This opinion contains indications relating to the following items:**

- Box No. I Basis of the opinion
- Box No. II Priority
- Box No. III Non-establishment of opinion with regard to novelty, inventive step and industrial applicability
- Box No. IV Lack of unity of invention
- Box No. V Reasoned statement under Rule 43bis.1(a)(i) with regard to novelty, inventive step or industrial applicability; citations and explanations supporting such statement
- Box No. VI Certain documents cited
- Box No. VII Certain defects in the international application
- Box No. VIII Certain observations on the international application

**2. FURTHER ACTION**

If a demand for international preliminary examination is made, this opinion will be considered to be a written opinion of the International Preliminary Examining Authority ("IPEA") except that this does not apply where the applicant chooses an Authority other than this one to be the IPEA and the chosen IPEA has notified the International Bureau under Rule 66.1bis(b) that written opinions of this International Searching Authority will not be so considered.

If this opinion is, as provided above, considered to be a written opinion of the IPEA, the applicant is invited to submit to the IPEA a written reply together, where appropriate, with amendments, before the expiration of 3 months from the date of mailing of Form PCT/ISA/220 or before the expiration of 22 months from the priority date, whichever expires later.

For further options, see Form PCT/ISA/220.

WRITTEN OPINION OF THE  
INTERNATIONAL SEARCHING AUTHORITY

International application No.  
**PCT/JP2004/17039**

**Box No. I Basis of the opinion**

1. With regard to the language, this opinion has been established on the basis of the international application in the language in which it was filed, unless otherwise indicated under this item.

This opinion has been established on the basis of a translation from the original language into the following language \_\_\_\_\_, which is the language of a translation furnished for the purposes of international search (under Rules 12.3 and 23.1(b)).

2. With regard to any nucleotide and/or amino acid sequence disclosed in the international application and necessary to the claimed invention, this opinion has been established on the basis of:

a. type of material

a sequence listing  
 table(s) related to the sequence listing

b. format of material

in written format  
 in computer readable form

c. time of filing/furnishing

contained in the international application as filed.  
 filed together with the international application in computer readable form.  
 furnished subsequently to this Authority for the purposes of search.

3.  In addition, in the case that more than one version or copy of a sequence listing and/or table relating thereto has been filed or furnished, the required statements that the information in the subsequent or additional copies is identical to that in the application as filed or does not go beyond the application as filed, as appropriate, were furnished.

4. Additional comments:

**I .Inventive step:claims 1,2,4-10,12,13**

The subject matter of claim 1,2,4-10,12,13 does not appear to involve an inventive step in view of the cited D1,D2 and D3.

The cited document D1(see paragraph[0012]-[0076] and figs.1-8) discloses a plurality of pixels disposed in matrix, each of the pixels including at least one photoelectric conversion element; and two signal output circuits; and a plurality of signal reading wirings through which the pixel and the signal output circuits are connected to each other.

The cited document D2(see paragraph[0067]-[0086] and figs.1-5) discloses a plurality of pixels disposed in matrix, each of the pixels including at least one photoelectric conversion element; and a signal output circuit ; and a plurality of signal reading wirings through which the pixel and the signal output circuit are connected to each other.

The cited document D3 discloses a radiation image pick-up device which includes wavelength conversion member for performing wavelength conversion on incident radiation.

**III.No references:claims 3,11,14**

The subject matter of claim 3,11,14 is neither disclosed in any of the cited documents D1,D2 and D3 nor obvious to a person skilled in the art.
